

# In quanti modi si può piegare un catalogo?

Le soluzioni per confezionare un catalogo sono infinite.

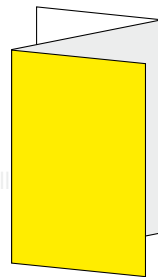

In genere nella produzione industriale le piegature adottate sono le seguenti:

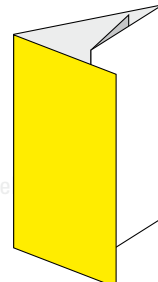

1 piega

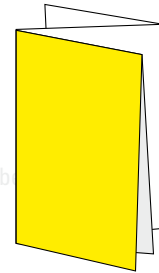

2 pieghe

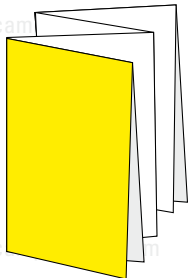

2 pieghe contrapposte

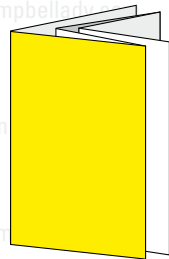

3 pieghe

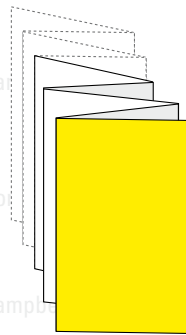

2 pieghe verticali contrapposte e 1 piega orizzontale

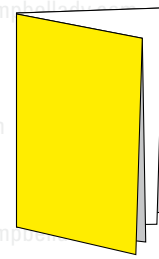

3 pieghe verticali contrapposte e 1 piega orizzontale

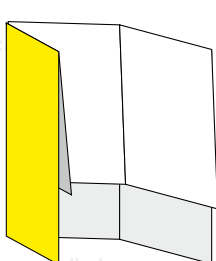

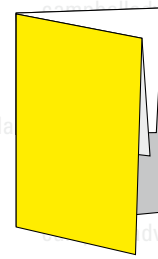

5 pieghe contrapposte

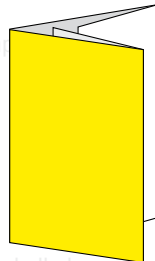

Molte pieghe contrapposte

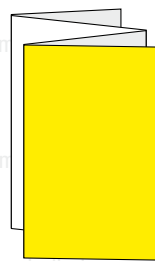

1 piega verticale e 1 piega orizzontale

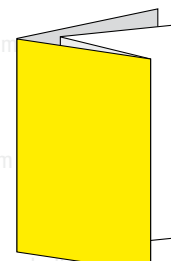

2 pieghe verticali e 1 piega orizzontale

3 pieghe

3 pieghe contrapposte

2 pieghe lineari e 1 contrapposta
